

PALLET COLLARS DATA SHEET

Using Lumbera® pallet collars can significantly extend the life of your pallets, minimise the cost of replacing them regularly and reduce the likelihood of cargo damage during transport. In addition, the improved design of our boards promotes easier and safer loading and unloading, which reduces the risk of injury to work personnel and increases overall productivity. Lumbera® pallet collars are ideal for businesses looking to optimise their operating costs and improve customer service by providing a reliable solution for storing and transporting goods. Our pallet collars are manufactured from premium timber, providing high strength and resilience in harsh

environments. It is the ideal choice for businesses that prioritise the safety and efficiency of their logistics processes. Lumbera®'s suppliers use only proven wood processing techniques that contribute to improved durability and longevity. Thanks to strict quality control at every stage of production, our boards meet international standards and are suitable for use in a variety of industries, including the food and chemical industries.

AVAILABLE TYPES

SKU	LENGTH	WIDTH	HEIGHT	THICKNESS	BOARDS	GRADE
002.101	600 MM	800 MM	195 MM	20 MM	1 PER SIDE	1 ST
002.102	600 MM	800 MM	195 MM	20 MM	1 PER SIDE	2 ND
002.103	600 MM	800 MM	195 MM	20 MM	2 PER SIDE	1 ST
002.104	600 MM	800 MM	195 MM	20 MM	2 PER SIDE	2 ND
002.105	800 MM	1200 MM	195 MM	20 MM	1 PER SIDE	1 ST
